

Cayman Islands Basketball Association
Basketball League Rules and Regulations

1. The following rules and regulations (the “CIBA Rules”) have been approved by the Executive Committee of the Cayman Islands Basketball Association (“CIBA”). The overriding objective of the CIBA Rules is to promote the growth and enhance the image of the sport of basketball in the Cayman Islands. The Executive Committee may amend the CIBA Rules as it sees fit from time to time.
2. All basketball games that are played under the auspices of CIBA shall be played in accordance with FIBA’s Official Basketball Rules presently in effect (the “FIBA Rules”) unless otherwise stated herein. A link to the FIBA Rules can be found on CIBA’s website at www.caymanbasketball.org.
3. All registered teams are expected to be familiar with the CIBA Rules and will be responsible for paying all fines and security deposits referred to herein. If a team is established by a club, the club will be jointly and severally liable for all of the team’s obligations described herein and any penalty on the team described herein will also apply to the club.
4. The names of the members of CIBA’s Executive Committee and of the Chairmen of the Fixtures and Competition Committee and the Disciplinary Committee may be obtained from CIBA’s website. The contact details of any of those persons may be obtained by sending an email to the Secretary at info@caymanbasketball.org.
5. Where applicable, penalties that may be imposed pursuant to the CIBA Rules are outlined in *italics*.

Interpretation

6. Unless the context otherwise requires, words importing the masculine gender only shall include the feminine gender.
7. The term “Opening” when used herein shall mean in relation to a particular league competition either the opening ceremony, if any, for the league competition or the first game of the league competition, whichever is earlier.
8. The term “Official” when used herein shall mean all game officials, including the referees, umpires and table officials.

Deviations from the FIBA Rules

9. Court dimensions and equipment shall follow as closely as possible those outlined in the FIBA Rules. However, any discrepancy shall not be valid grounds for any

protest unless it can be shown that such conditions put a competing team at a disadvantage and caused the team to lose the game.

10. Each team may assign to each team member a number from one (1) to ninety-nine (99), which number shall appear on the front and back of the team member's shirt in accordance with the FIBA Rules. The number on the front of a team member's shirt shall be at least 4 inches high and the number on the back shall be at least 6 inches high.
11. Other than the twelve eligible players listed on the score sheet to participate in a given game, only three other registered bench personnel may be in the team bench area during the game, except during an interval of play. *Any infraction of this rule identified by the referee shall be penalized by a fine of C\$50 per game to the offending team and **Technical Foul to the Coach/Team Captain** see art.17*
12. Each individual player shall **wear same colour** socks, however all players of the same team are not required to wear identical socks and shoes. *Upon the discovery of an infraction of this rule the referee shall remove the relevant player from the game.*

Team Registration

13. A team of no more than 15 players may be registered for any given league competition, including no more than one overseas athlete. For these purposes, an overseas athlete is defined as an athlete who is not ordinarily resident in the Cayman Islands.
14. In order to participate in any league competition a team must, no later than 21 days before the scheduled date for the opening of the league competition, (i) register at least 5 players using a registration form in the form attached hereto and (ii) pay the required fee, as indicated by the competitions committee. The registered roster will constitute the only players eligible to play during a game within the league competition. *No team shall be allowed to participate in the league if it does not meet the registration deadline.*

<i>Senior Men</i>	<i>\$750 per team</i>	<i>\$25 per player</i>
<i>Senior Women</i>	<i>\$500 per team</i>	<i>\$25 per player</i>
<i>Under 19 Men & Women</i>		<i>\$25 per player</i>
<i>Under 16 Men & Women</i>		<i>\$25 per player</i>
15. Any changes to a team's roster must be made **before** the team's 4th game during the league competition for which the team has been registered (whether that game is won, loss, forfeited, or defaulted), even if after such deadline the roster consists of less than 15 players. The only exception to this rule is where a team has an injured player and provides to CIBA a medical certificate confirming the relevant injury. In that situation, the team may replace the injured player and, if the team does so, the injured player may not be re-registered with any team for the remainder of the league competition, even if he recovers. During any game of the league competition no more than 12 players of the team's registered roster may be listed on the score sheet to be eligible to play in the game.

16. A club may register more than one team in any given league competition. However no player may be registered for more than one team in the same league competition.
17. A team must also register its bench personnel such as coaches, assistants, statisticians, medical personnel, managers, etc. There are no restrictions on the number of changes of bench personnel that a team may make, however the personnel that will represent a team during a game must be registered prior to the start of the game and no more than 3 of the personnel, including the coach and assistant coach, may be in the team bench area during any game. Bench personnel may be registered to more than one team in the same league competition. *If the referee identifies that any team is in breach of this rule the team shall automatically be penalized with a fine of CI\$50 per game.*
18. A team must register at least one, but not more than two, contact persons (“CPs”) with whom CIBA will correspond in relation to the relevant league competition. If more than one CP is registered, they must be designated as numbers 1 and 2. The CP may be a registered player or bench personnel. Communication to any CP of a team will be deemed to be communication with the relevant team, and the CP will be responsible for forwarding and disseminating to his team any communication that he receives from CIBA. A person may be a CP for more than one team in a league competition. However, if a CP is a registered player for a particular team in a league competition, he may act as the CP for that team only.
19. A player may be transferred from one team in a league competition to another team only once in accordance with rule 15 above. In order for a player to be transferred from one team to another team the team to which the player is to be transferred must complete a player transfer form (in the form attached hereto), have the form signed by (i) the manager or the coach of both the transferor team and the transferee team and (ii) the player and then submit the duly signed form to the Chairman of the Fixtures and Competition Committee along with a transfer fee of **CI\$50**. The Fixtures and Competition Committee shall have 3 business days within which to reject a transfer and if the Fixtures and Competition Committee fails to reject a transfer within that period it will be deemed to be effective.

20. The Fixtures and Competition Committee shall be responsible for the scheduling of all league games, for determining the number of divisions within each league competition and for determining the method of selecting the champion of each league competition.
21. A league competition must have at least 4 registered teams before the competition can start. A league competition may have more than one division if there are 8 or more teams/clubs registered for the league competition and each division must consist of at least 4 teams.

22. The classification of teams within the regular season of a league competition (or within the regular season of a division of a league competition, if there is more than one division) shall be in accordance with the FIBA Rules. See the section of the FIBA Rules entitled “Classification of Teams” on page 72 of the FIBA Rules.
23. Unless otherwise determined by the Fixtures and Competition Committee, the champion of a league competition (or division, if applicable) will be determined through the use of a playoff competition between the teams that were the top 4 teams during the regular season of the league competition (or division, if applicable). Unless otherwise determined by the Fixtures and Competition Committee, each series in the playoffs shall be a best of 3 series. In the first round of the playoffs the first place team shall play the fourth place team and the second place team shall play the third place team. Thereafter, the winners of each of those series will play another best of 3 series to determine the champion of the league competition and the runner-up.
24. In accordance with the FIBA Rules, the team first mentioned on the fixture for a game in a league competition will be viewed as the home team and the other as the guest. The home team shall sit to the left of the scorer’s table and the guest to the right. Both teams must agree in order for the above to be changed.

26. It shall be the duty of the Fixtures and Competition Committee to keep a record of the players and teams that have been suspended, expelled or disqualified during a league competition.
